**RESPONSE TO NOTIFICATION OF MISSING REQUIREMENTS  
UNDER 35 U.S.C. § 371**

MS Missing Parts  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

In response to the Notification of Missing Requirements Under U.S.C. § 371 dated April 25, 2006 (enclosed herewith), Applicant respectfully submits a Combined Declaration and Power of Attorney.

The aforementioned Notice appears to indicate that a copy of the Sequence Listing in computer readable form has not been submitted by applicant. This is incorrect. Applicants submitted a computer disk with the sequence listing in computer readable form on June 6, 2005 with the filing papers for the original application (see filing papers). A copy of the envelope cover containing the computer disk is attached hereto as is a copy of the return postcard indicating that the United States Patent and Trademark Office received the disk on June 6, 2005. Applicants request that the United States Patent and Trademark Office recheck the file for the present application to determine whether the computer disk is in the file. If the United States Patent and Trademark Office is unable to find the aforementioned disk, applicants will prepare a replacement disk. In any event, the surcharge for the late filing of the Sequence Listing in CRF is not applicable here as applicants filed the Sequence Listing in CRF with the original application filing papers.
